

Do you want to play the NEW HIGH-5 rule? Multiply the fun x 5!

If you collect a 5th yellow token, say /do "High 5!" and you may trade in your 5 yellow tokens (value 5) for a red token (value 20) and a blue token (value 5) – total value 25 points (5 x 5). **Wow!**

This is because the orange tiles that reward you with yellow tokens are all super important things to do (eg Choose to Reuse - Reuse is higher on the waste hierarchy than Recycle).

All our SMALL actions together can make a BIG difference!
